A Temple of Art.

Not for a Day but for all Time.

Memories of the White City are fading—all but one. Majestic in its beauty the Palace of Art survives to remind mankind of wonders departed. Triumphant over fire and tempest the stately structure stands beside the lake dedicated forever to the service of the people. As a gallery of painting and sculpture it surprised and delighted the nations. As the Field's Columbian Museum it will entertain and instruct multitudes in the ages to come.

A World's Fair in miniature is the museum to-day. While it lasts the public will have before them a vivid reminder of the greater exposition of 1893. It will bring back the vast panorama of splendid exhibits including the fine showing made by

Dr. Price's Cream Baking Powder

Kansas Short Railroads That May Not Be Run Much Longer.

The branch lines in Kansas which they want cut off are the Kansas Midland, running between Wichita and Ellsworth, and the Beaumont branch, from Beaumont, Kan., to Cole, Kan., and the Anthony branch, from Anthony to Arkansas City.

It has been expected that an application would be made for the lopping off of some of the many branch lines of the Santa Fe, but that has not yet been done.

TO HAVE A NEW BOILER.

The City Electric Light Plant will then have Sufficient Capacity.

Joseph Bromich has agreed to put in the boiler for \$700.

The city council has requested the city engineer to prepare an estimate of the cost and as soon as it can be made and the contract let the new boiler will be put in.
